## T15 - Frontal Protection Bar

TJM T15 Bars offer style and function, with innovative safety features that are renowned from TJM. A sleek design with tapered wings ensures maximum approach angle is maintained. TJM T15 Bars are manufactured in both steel and alloy....

- **STEEL BAR** - 3mm channel design
- 2.5mm & 2.6mm tubing wall thickness
- High tensile chassis mounting bolts
- Provision for Electric and Ox Hydraulic winches
- ADR approved indicator/park lights
- Driving light provision
- Press formed communication aerial tab
- Durable 'Black' powder coat finish

- **ALLOY BAR** - 4mm channel design
- 3.2mm & 4.7mm tubing wall thickness
- High tensile chassis mounting bolts
- Provision for Electric and Ox Hydraulic winches
- ADR approved indicator/park lights
- Driving light provision
- Press formed communication aerial tab
- Highly polished finish

## T16 - Frontal Protection Bar

TJM T16 Nudge Bars are designed to maintain the character of your vehicle. Light weight and fitting over the original bumper, they will provide protection to the original bumper and grille.

- 76mm highly polished tube frame
- 4.7mm wall thickness tubing
- 5mm press formed centre brace
- Air Bag Compatible mounting system
- Driving light provision
- Optional stainless steel aerial bracket

NOTE: ON ALL BARS, DRIVING LIGHTS, WINCH, WINCH FRAME AND ROLLERS ARE OPTIONAL.

## Steel Side Bars with Alloy Step

TJM 3/4 Side Bars are manufactured from 50mm steel tube and are designed to offer protection to vehicle body panels, wheel arches, flares and sills. The 3/4 Side Bars are mounted to the vehicle sub-frame with black polyester powder-coated steel mounts and are joined to the Frontal Protection Bar with TJM Side Bar Clamps. An extruded aluminium step tread with non-slip edge and moulded end caps provide easy access to the vehicle.

- 50mm Steel Tubing
- Engineered Steel Chassis Mounts
- Durable 'Black' powder coat finish
- Extruded Aluminium Step Tread
- Rubber Anti-Slip Edge

**TJM Canopies**  
Available All Models

On the job, or away on a trip, TJM Canopies will take the harshest conditions in their stride. Not only are they tough and durable, they combine practical design and style along with a host of features you've always wanted in a vehicle canopy. All TJM Canopies are 100% Australian made by TJM Products, a world leader in the design and manufacture of Serious 4wd Equipment. The quality of every canopy is guaranteed by TJM's quality assurance to International Standard ISO9001.

OPTIONAL SIDE ACCESS WINDOW SHOWN

OPTIONAL LADDER RACKS SHOWN

**Standard Features:**

- Hand-laid fibreglass shell
- Lockable tinted rear tailgate
- Australian Made
- Parts/spares are readily available
- Quality Assured to ISO9001

**Options include:**

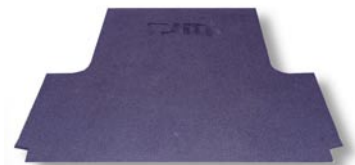

- Side Access Doors/Windows
- Front Fold Down Window
- Security Mesh
- Interior Roof Lining
- Air Vents
- Rear Brake Light
- Medium Duty Carry Racks
- Paint Colour Coding

*TJM sales can assist in advising the appropriate canopy and options.*

**TJM Ute Liner**

The 'TJM' Ute Liner is custom moulded to suit your Navara and is easily installed. The liner is moulded to the tray ensuring that it is fully supported in all areas, Moulded slots on the side of the liner allows fitting of the unique optional 'Load Lok System' which helps keep your cargo in place. Made from high impact polyethylene plastic which is resistant to UV light, petrol, diesel, battery acid and most other chemicals.

**TJM - Ute Mats**

TJM Ute Mats are custom moulded to suit your vehicle and are easily installed. The mats are manufactured from 8mm thick, heavy duty recycled rubber.

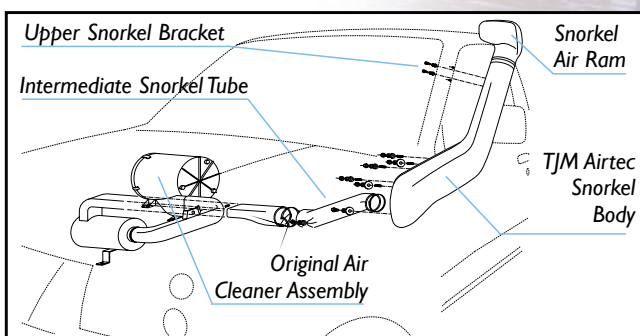

10/01+ DIESEL MODEL SHOWN - LHS

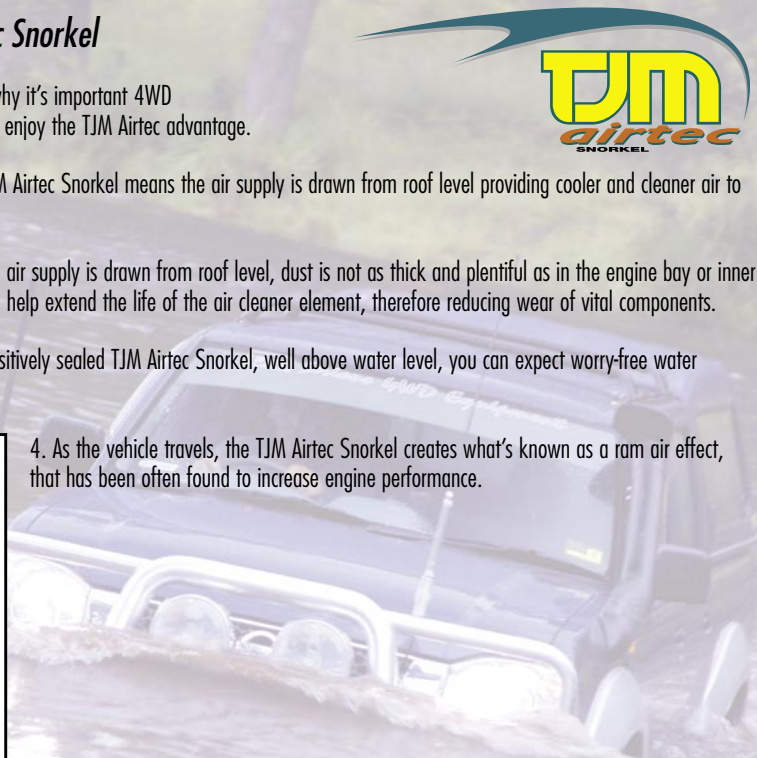

**TJM Airtec Snorkel**

Four reasons why it's important 4WD engines should enjoy the TJM Airtec advantage.

1. Fitting a TJM Airtec Snorkel means the air supply is drawn from roof level providing cooler and cleaner air to the engine.
2. Because the air supply is drawn from roof level, dust is not as thick and plentiful as in the engine bay or inner guard. This will help extend the life of the air cleaner element, therefore reducing wear of vital components.
3. With the positively sealed TJM Airtec Snorkel, well above water level, you can expect worry-free water crossings.
4. As the vehicle travels, the TJM Airtec Snorkel creates what's known as a ram air effect, that has been often found to increase engine performance.

### TJM Dual Battery Systems & Trays

TJM have 2 Dual Battery Management Systems available for the Nissan Navara, the TJM IBS and DBS Battery Management Systems.

The TJM Dual Battery Frames are designed and laser cut from 2mm cold rolled steel and critical joints are fully precision MIG welded for maximum strength. Sandblasted and finished in an Anti-Scuff Polyester Powdercoat they are supplied complete with mounting hardware including battery clamps. 3 Year Warranty.

Consult your TJM Distributor for further information. Note: Both systems require battery, frame and auxiliary outlet.

DBS System

IBS System

Ox 10,000lb Hydraulic Winch

Ox 10,000lb Electric Winch

### Winches – Vehicle Recovery

TJM offer the Ox 10,000lb (hydraulic) and Ox 10,000lb (electric), to assist with vehicle recovery. Both winches include wire rope, roller fairlead guide, free spooling clutch, automatic brake, and remote hand control. Hydraulic winch requires individual vehicle hose kit. Consult the TJM Recovery Brochure or your TJM Distributor for further information.

### Ox Vehicle Recovery Equipment

TJM offers a range of Ox Recovery Equipment including...

- Snatch-um-Straps
- Winch Ext Straps
- Bow & 'D' Shackles
- Tree Trunk Protectors
- Snatch Blocks
- Air Jacks
- Recovery Bags
- Ox Compressor
- Wheel Covers
- Tow Hooks
- Drag Chains
- Ox Air Compressor

### TJM XGS - Shock Absorbers

TJM XGS Suspension have a number of kits available for all Navaras to meet specific needs. Towing, load carrying & ground clearance can all be improved while still retaining ride quality. Choose from raised or constant load hi-lift kits with TJM XGS Gas Charged and X-panded Gas Charged Shock Absorbers.

### TJM XGS - Leaf Springs

The original leaf springs of the Navara are considered by some to be harsh riding, and often sag with age or when under constant load. TJM XGS Suspension resolves these problems with heavy duty springs of multi-leaf design. Australian made, using high grade steel, each spring is pre-stressed to eliminate the possibility of sagging. TJM XGS Springs are available in either medium or constant load carrying capacities.

### TJM XGS - Accessories

**TORSION BARS** - Are available to improve the vehicles load carrying ability and stability. Increased spring rate ensures ride height is maintained, especially when the vehicle is fitted with load bearing accessories, ie: Protection Bars and Winches.

**STEERING DAMPER** - For superior steering and shimmy control, fit a TJM XGS 35mm Big Bore Steering Damper.

**POLYAIR SPRINGS & BELLOWS SYSTEM** - Coupled with TJM XGS Springs and Shock Absorbers, the Polyair Spring further assists in solving suspension problems and greatly improves handling, ride height and stability of your vehicle. A pressure increase of between 5 to 25psi (Polyair) and 5 to 100psi (Bellows) will give a load increase of between 10 to 60%.

**POLY BUSH KITS** - Manufactured from resilient high grade polyurethane, these bushes are designed to reduce suspension noise, vibration and harshness.

FOR FURTHER INFORMATION REFER TO THE TJM XGS SUSPENSION BROCHURE OR CONTACT YOUR TJM DISTRIBUTOR

# NISSAN PATHFINDER ACCESSORIES

## T16 - Frontal Protection Bar

TJM T16 Nudge Bars are designed to maintain the character of your vehicle. Light weight and fitting over the original bumper, they will provide protection to the original bumper and grille.

- 76mm highly polished tube frame
- 4.7mm wall thickness tubing
- 5mm press formed centre brace
- Air Bag Compatible mounting system
- Driving light provision
- Optional stainless steel aerial bracket

NOTE: ON ALL BARS DRIVING LIGHTS ARE OPTIONAL.

Coils and Shock Absorbers

## TJM XGS - Shock Absorbers

TJM XGS Suspension offer Bilstein Shock Absorbers for both the front and rear of the Pathfinder.

## TJM XGS - Coil Springs

TJM XGS Coil Springs are available in heavy duty load carrying capacities.

## TJM XGS - Accessories

**TORSION BARS** - Are available to improve the vehicles load carrying ability and stability. Increased spring rate ensures ride height is maintained, especially when the vehicle is fitted with load bearing accessories.  
2/86 10/95 Models Only

**POLYAIR SPRINGS** - The Polyair spring further assists in solving suspension problems and greatly improves handling, ride height and stability of your vehicle. A pressure increase of between 5 to 25psi (Polyair) will give a load increase of between 10 to 60%.

**TJM WARRANTY POLICY:** TJM Products is committed to the supply of quality products and in support of this TJM offers a three year warranty on TJM manufactured products. TJM Canopies and also XGS 4wd Suspension. XGS Suspension is subject to a limit of fifty thousand kilometers. Any defects in a product distributed by TJM, but not manufactured by TJM, shall be dealt with in accordance with, and to the extent of, the warranty offered by the manufacturer of that product. All claims must be notified to TJM in writing with purchase receipt details and the faulty product returned to TJM for assessment where TJM shall repair or replace (at TJM's discretion) the defective product.

**EXPLANATORY NOTES:** TJM does not warrant that the products manufactured or marketed by it comply with the laws of the place where those goods are purchased or used. It is the sole responsibility of the purchaser to ascertain whether products being purchased, or the affixation of those products to any other object, comply with local laws. This warranty covers structural defect and workmanship but does not cover finishes, labour charges for removal or refitting, freight costs, accident damage, misuse or abuse, damage due to incorrect fitment or application, modified product, faulty design or consequential damage of any kind. All claims must be accompanied by the original sales receipt. This warranty covers only the cost of repairs or replacement of the product or part thereof. The decision of which remains

solely at the discretion of TJM Products Pty. Ltd. This warranty will not cover the cost of removal, installation or any transport. Enhanced finishes, such as polishing or powder coating are not subjected to this warranty. Further, damage or defects caused by collision, alteration, improper installation, road hazards, adverse conditions or usage for any other purpose other than normal private usage are not covered by this warranty. This warranty is in lieu of all other warranties expressed or implied.

**EXCLUSION FROM WARRANTY:** TJM does not warrant that the products manufactured or marketed by it comply with the laws of the place where those products are purchased or used. It is the sole responsibility of the Purchaser to ascertain whether products being purchased - or the affixation of those products to any other object - comply with local laws. Except to the extent described in the Warranty, TJM shall not be liable for any other claim including claims arising from incorrect fitment, product modification, faulty design, the use of the product and any indirect special or consequential damage or injury to any person, company or other entity. The warranty is excluded if any product manufactured or distributed by TJM is modified in appearance (including custom painting or finishing) or operation without express written consent of TJM.

**WARNING:** Some vehicles are equipped with air bags. The installation of a TJM frontal protection bar, side bars or winch-bar combination, could alter the vehicle's crush rate and operational characteristics of the air bag. Independent research has established that certain TJM bars when correctly installed do not affect the proper operation of the air bag triggering system in the vehicle. Only those TJM bars complied as air bag compatible are recommended by TJM for installation to air bag equipped vehicles. Even though there may be considerable benefits in installing TJM Bars they should not in themselves be considered as protection for either the vehicle or occupants in the event of a collision or accident.

**COPYRIGHT:** This Brochure is subject to Copyright. Copyright© Reserved 2004 TJM Products Pty Ltd. Additionally, certain products, and their associated trade marks, shown in this Brochure have been protected under trade mark, design and patent legislation. Legal proceedings may be commenced in respect of any infringements of such trade mark, patent or design right.

**RIGHTS RESERVED:** This Brochure is a guide only and TJM Products Pty Ltd take no responsibility for any errors or omissions of whatever nature. Due to continual improvement and design, the information, products, specifications and range contained in this Brochure is subject to change without notification at the sole discretion of TJM Products Pty Ltd.
